Hi Scott,
Ok so we have been testing the app and there are quite a bit of changes that need to be made.
Also, there are certain things that are not working and have glitches so need to be re-tested.
Here is the list of things that need to change:

Photo box too small as names can be long
Photo keeps on disappearing

HOME/MY PROFILE/BASIC INFO...

Titles are too long and not proper english

Everytime changes are made, profile photo disapears and needs
To be added again and again.
